SHARP®

Introducing the new 4P-B AQUOS® Commercial TV series!

Contact your Sharp representative for special pricing!

Models: 4P-B43EJ2U, 4P-B50EJ2U, 4P-B55EJ2U, 4P-B65EJ2U, 4P-B75EJ2U, 4P-B86EJ2U

Key Features:

Public Mode

Public Mode on the 4P-B Series disables the operational controls. This prevents unwanted adjustments by people in public locations and common areas.

Integrated Solutions

Wireless Casting for sending content on supported devices onto large format displays.

HTML5 Browser
Includes apps to make your communication more efficient.
With an HTML5 browser, you can start signage quickly, leveraging your web-based content.

Media Player
Built-in media player.

Built-in Speakers for Powerful Audio

The 4P-B AQUOS Commercial TV Series contains crystal clear audio, so all your content sounds as good as it looks.

Dolby® MS12 Multi-stream Decoder ensures compatibility with premium audio formats.

Professional Command Control

TAA Compliant

Easy Functionality

Owners can easily manage the functionality of the 4P-B AQUOS Commercial TV Series due to their many user-friendly features.

They include a comprehensive RS-232C and LAN command set, which permits flexible remote-control capabilities from connected devices.
