

MultiSync® LCD 35 Series

LCD1735NXM™ and LCD1935NXM™

Only from NEC.

No matter the application – scrolling through one’s favorite websites, typing up an important report or fighting superhuman demons in the latest video game – computer enthusiasts have agreed for more than 15 years that NEC is the monitor brand of choice. With the NEC MultiSync LCD 35 Series, it’s easy to see why. The 17" NEC MultiSync LCD1735NXM and 19" NEC MultiSync LCD1935NXM displays combine cutting-edge technology, true-to-life on-screen images and a stunningly sleek design, bringing a level of performance to your desktop you’ve only imagined before.

Dual inputs provide the ability to work seamlessly in either digital or analog environments, crisp, brilliant images enrich games, photos and the Internet, and quick response times ensure interruption-free viewing of video. A dynamic cabinet design further enhances your time in front of the computer with comforting features such as a tilt flexibility, mounting capabilities and illuminated accents. Add the fact that these displays use energy-efficient technologies to significantly lower your total cost of ownership and your choice for a smart display investment is even easier.

Series Features and Benefits

Digital and analog dual-input connectivity provides compatibility with today’s and tomorrow’s computer systems

On-screen digital user controls deliver smooth navigation and easy adjustments

Fast on-screen response provides fluid, full-motion images in high-speed games and video applications

VESA wall/arm mounting capabilities allow you to free up even more desktop space and gain more aesthetic appeal

Space-saving sound bar enhances your multimedia applications with stereo sound

External headphone jack allows for private listening

Thin-frame, two-tone cabinet design, including blue light power indicator, not only frees up valuable space but adds a sleek, eye-pleasing appeal to your desktop

Tilt flexibility allows you to adjust the display at varying degrees (-5° to 15°) for desired viewing angle

Collapsible base allows for easy transport and enhanced portability

Low power consumption reduces electrical costs and lowers total cost of ownership

NEC’s quality and reliability provide peace of mind with 24/7 customer service and technical support

The MultiSync 35 Series offers you many enhanced features to make your time in front of your computer as enjoyable and productive as possible.

Easy-to-use, glowing screen controls

Convenient digital/analog inputs

Aesthetically appealing rear NEC logo

Ultra-slim profile frees up desktop space

Mounting capabilities create new desktop options*

* mounting arm not included
