2.2 lbs
up to 3000 hour lamp life
High resolution XGA images
High contrast at 2000:1
1,500 ANSI Lumens
NEC reliability

LT20

A projector at home on the road.

Big features that slide easily into your carry-on.

- **Lightweight.** At 2.2lbs you can worry about your clothes fitting in your suitcase, not your projector.
- **High resolution.** XGA native resolution with display source resolutions up to SXGA+.
- **Plug and Project.** Automatic set-up and one-touch adjustments allows you to be ready in an instant.
- **The right light.** 1,500 ANSI lumens is perfect for medium size conference rooms.
- **Mobility.** Compact remote allows for freedom to move throughout the room.
- **Digital image magnification** with location control
- **Good to be square.** Vertical keystone correction enables a square image every time.
- **Perfect package.** Compact carrying case supplied.

Punch up your presentation with amazing image quality.

- **High Contrast.** 2000:1 contrast enables varying levels of black to be displayed by the projector for improved video quality.
- **Real life colors.** VORTEX Technology Plus™ breakthrough image processing technology improves white balance, color accuracy, dynamic range and varying levels of black in an image
- **Enhanced video.** DLP™ technology enables real life video.
- **Compatible.** HDTV and component video compatibility allows for amazing content.

NEC is a leader in developing technologies to extend projector life.

- **Extended lamp life.** Eco-mode™ technology increases lamp life by up to 50%.
- **Security features.** Enhanced multi-level security features protect your investment.
- **User changeable lamp**
- **Exterior design.** Stylish, sturdy design that fears no turbulence.
