

Professional Grade Kiosk with Touch Screen Monitor and OPS PC

NEC Landscape Kiosk Solutions – Black/Silver

NEC Display Solutions' complete Kiosk Solutions provide an all-in-one solution that is ideal for dynamic digital signage, directory information display, student information, dining ordering information, as well as many other applications.

The unique NEC Kiosk combines the NEC 42" V423 (Landscape) Touch Monitor and the OPS-PCIB-PS slot PC, an extremely powerful dual core Intel Broadwell processor with full Windows 8.1 operating system with integrated Wi-Fi, 128GB mSATA Drive and 4GB RAM.

These kiosks offer 24/7 run times with industrial-grade monitors and accessories that feature internal temperature sensors and integrated cooling fans, for the most demanding indoor use.

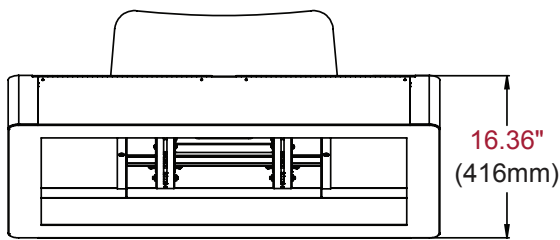

Highlights

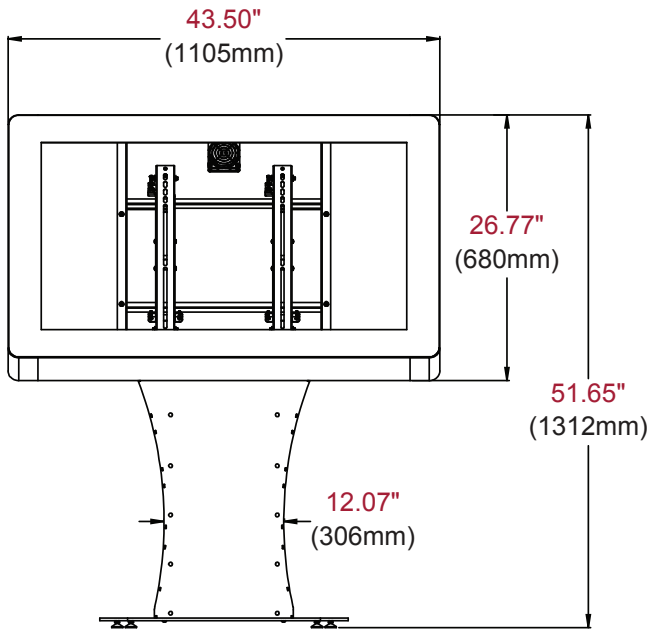

- Bundled solution with everything required for a MS Windows Software Based Kiosk Solution – Kiosk Software not included.
- Kiosks are freestanding and come in Black or Silver finishes (NEC suggests that Kiosk be attached to floor for additional safety)
