

# Versatile projectors for your changing needs

Easy to use and at the right price, ME and MC Series projectors provide all the essential features that you need for brilliant display in classrooms and meeting rooms while providing low cost of ownership with minimal maintenance.

Advanced networking options reduce your total cost of ownership, offering remote monitoring and control with even more features available through NaViSet Administrator.

Featuring NEC's breakthrough lamp technology, lasting up to 20,000 hours, these new projectors effectively eliminate maintenance!

Collaborate with ease using MultiPresenter, a collaborative screen-sharing solution allowing you to simplify your technology.

Lightweight and portable, the ME projectors include a broad zoom lens, offering added flexibility during installation.
