

NEC Multimedia Projectors

NEC Display Solutions' full selection of portable and professional installation projectors meet the requirements of virtually any imaging application and environment.

ME & MC Series - ME402X, ME372W, ME382U, MC372X, MC382W

Need:	User-friendly, bright projectors for portability or installation
Markets:	K-12 facilities and small-to-medium-sized businesses
Highlights:	Long lamp (up to 15,000 hours); Dual HDMI inputs, VGA input; variable audio out; integrated LAN connection; wireless LAN (optional); 16-watt speaker; horizontal & vertical keystone; auto vertical keystone; MultiPresenter; XGA, WXGA & WUXGA native resolutions; ME Series 1.7x zoom lens, MC Series 1.2x zoom lens

UM Series - UM361X, UM351W, UM383WL

Need:	Ultra-short throw, wall-mountable projectors with interactive capabilities (optional interactive modules for UM361X & UM351W only)
Markets:	K-12 facilities and small-to-medium-sized businesses
Highlights:	Long lamp and filter life (up to 6000 hours), HLD LED (up to 20,000 hour life); dual HDMI inputs; computer input; microphone input; variable audio out; integrated LAN connection; wireless LAN (optional adapter for UM361X & UM351W only); closed captioning; built-in speaker; horizontal & vertical keystone; XGA & WXGA native resolutions

P Series (lamp) - P474W, P474U, P554W, P554U

Need:	Low-cost installation projectors with advanced connectivity
Markets:	Higher education and K-12 facilities, corporate boardrooms and government training rooms
Highlights:	Extensive input panel including HDBaseT, Dual HDMI; LCD; high contrast; WXGA & WUXGA native resolutions; 20-watt speaker; Horizontal & Vertical lens shift; up to 8000 hour lamp life

PE Series & P Series (laser) - PE455WL, PE455UL, P525WL, P525UL, P605UL, P506QL

Need:	Low-cost installation projectors with no required maintenance
Markets:	Higher education and corporate boardrooms
Highlights:	Extensive input panel including HDBaseT (P Series only), Dual HDMI; Laser Light Source (minimum 20,000 hour laser life); Sealed optics; LCD & DLP; Portrait and Tilt Free; WXGA, WUXGA and 4K UHD resolutions; built-in speaker; Horizontal & Vertical lens shift; Filter-free

PA Series - PA653U, PA803U, PA853W, PA903X, PA653UL, PA703UL, PA803UL, PA804UL, PA1004UL

Need:	High-performance, bright projectors for large-screen applications
Markets:	Higher education and corporate customers
Highlights:	Extensive input panel, including Dual HDMI, DisplayPort & HDBaseT; motorized zoom, focus and lens shift; tilt free; portrait mode; HDBaseT repeater; 3D Reform; stacking correction tool; geometric correction; edge blending; Laser Light Source (20,000 hour laser life) & Filter Free (PA653UL, PA703UL, PA803UL, PA804UL & PA1004UL); XGA, WXGA & WUXGA native resolutions

PX Series - PX803UL, PX1004UL, PX1005QL, PX2000UL

Need:	High-performance, bright projector for large-screen applications
Markets:	Higher education, corporate and house of worship customers, digital signage
Highlights:	Extensive input panel including HDBaseT, HDMI, DisplayPort; Laser Light Source (20,000 hour laser life); 1-Chip DLP; stacking correction tool; edge blending; geometric correction; OPS input slot; Portrait and Roll Free; WXGA, WUXGA & 4K UHD native resolutions

PH Series - PH2601QL, PH3501QL

Need:	High-performance, high-bright projector for large-screen applications
Markets:	Higher education, rental and staging, and house of worship customers
Highlights:	Laser Light Source (20,000 hour laser life), Extensive input panel including HDMI, DisplayPort and HDBaseT; 3-Chip DLP; stacking correction tool; edge blending; geometric correction; OPS input slot; 4K native resolution
