NEC DISPLAY SOLUTIONS HOSTS GOOGLE HANGOUT TO DISCUSS THE BENEFITS OF LED DISPLAYS

CHICAGO – June 22, 2016 – [NEC Display Solutions of America](#), a leading provider of commercial LCD display and projector solutions, today announced a one-hour Google+ Hangout about the benefits of LED displays, including an explanation of what, why, and when they're best suited to fit your needs.

Here are the details:

When: Wednesday, June 29, 2:00 p.m. – 3:00 p.m. CT

Moderator:

- Richard Ventura, Vice President of Business Development and Solutions, NEC Display Solutions

Panelists:

- Grant Wylie, Senior Product Manager for LED, [NEC Display Solutions of America](#)
- Jeff Metzger, Vice President of Sales, [Triangle Sign & Service](#)
- Randy Pagnan, President of [rp Visual Solutions](#)

Theme:

The benefits of using LED products are numerous. Most notably, they deliver crystal clear images for the ultimate visual experience, even in challenging environments with high brightness or low level lighting. High caliber images are the ultimate solution for settings such as retail stores, auditoriums and theaters, airports, and restaurants. Still, it can be difficult to decide if an LED display is right for your own setting, and if so, which product is best. During the Google Hangout, the panel will discuss the many benefits and opportunities of using LED products, considerations prior to installation, and content requirements.
