NEC DISPLAY INTRODUCES OPEN PLUGGABLE SPECIFICATION SINGLE BOARD COMPUTER WITH INTEL® CELERON® DUAL CORE PROCESSOR

Latest Intel® Architecture Delivers Unsurpassed Quality and Performance

CHICAGO – July 27, 2016 – [NEC Display Solutions of America](#), a leading provider of commercial LCD display and projector solutions, today announced the latest Open Pluggable Specification (OPS) compliant computer for integration into the built-in OPS expansion slots of NEC's V, P, and X Series displays, and E705, E805 and E905 models. NEC Display PX and PH Series projectors also are supported.

The [OPS-APIC-PS](#) PC features a powerful 2.2GHz Dual Core CPU based on the 4th Generation Intel® Celeron® 2000E architecture, designed to provide high performance and efficiency for a variety of signage needs. With a full Windows 7 Pro license, it enables full use of Windows-compatible peripherals such as touch screens and web cameras. This PC features a 65GB SSD hard drive, gigabit Ethernet connection, two USB 3.0 port and a USB 2.0 port, DisplayPort output, and 4K resolution support as well as a microphone line in for additional connectivity.

The OPS platform is an industry-wide standard for the design and development of digital signage to simplify installation and maintenance. These internal PCs can run multiple video formats and are targeted for use with digital signage environments including airports, quick-service restaurants, education, rental and staging, corporate lobbies, healthcare facilities and retailers.

“NEC Display and Intel have a long-standing relationship around OPS, and this time we’re delivering the most powerful yet affordable PC as a result of our collaboration,” said Keith Yanke, Senior Director for Large-screen Displays and Projectors at NEC Display Solutions. “These new PCs provide the computing power and connectivity to fit almost any digital signage need.”

The [OPS-APIC-PS](#) is available now at a minimum advertised price of \$1,018 and comes with a three-year warranty. In addition, bundles combining the OPS-APIC-PS with select V, P and Large E-series displays also are available. For a full list of bundles available, as well as a complete listing of the OPS-APIC-PC’s technical specifications, please visit www.necdisplay.com
