**NEC DISPLAY SOLUTIONS ADDS VALUE-DRIVEN
LED-BACKLIT MONITOR TO ACCUSYNC LINEUP**

Monitor Boasts Latest Certifications and Technologies

CHICAGO – September 10, 2013 – [NEC Display Solutions of America](#), a leading [provider](#) of commercial LCD display and projector solutions, announced today its new 21.5-inch AccuSync™ [AS222WM](#) desktop monitor targeted to small-to-medium-sized business users.

The widescreen AS222WM offers a 25 percent reduction in power consumption due to the elimination of its predecessor's CCFL backlight. Mercury-free LED backlighting improves energy efficiency while enabling easy transport and wall mounting capabilities. The AS222WM is compliant with the latest regulations, including ENERGY STAR® 6.0 and TCO 6.0, is EPEAT™ Silver rated, and includes ECO Mode™ and carbon footprint meter tools.

“NEC’s AccuSync Series continues to give business users exceptional displays with which to accomplish their goals,” said Kevin Christopherson, Director of Product Marketing for Desktop Displays at NEC Display Solutions. “With LED backlighting and its environmental certifications, the AS222WM display boasts a compelling total cost of ownership.”

The AS222WM includes the following features:

- 21.5-inch, 16:9 wide screen LED-backlit LCD desktop monitor

- 1920 x 1080 native resolution
- VGA and DVI-D connectivity
- Tilt adjustability
- Touch-integratable
- Integrated speakers (1W x 2) with headphone jack
- ECO Mode and carbon footprint meter
- ENERGY STAR 6.0, TCO 6.0 and EPEAT Silver compliance

The AS222WM will be available in September 2013 at an estimated street price of \$179 and ships with a standard three-year parts and labor warranty, including the backlight.
