**NEC DISPLAY SOLUTIONS EXTENDS MULTISYNC EA SERIES LINEUP,  
ADDS FLAGSHIP 30-INCH LED-BACKLIT MONITOR WITH IPS PANEL**

***Slim Profile, Full Ergonomics and Comprehensive Connectivity  
Ideal for Corporate Environments***

**CHICAGO – June 10, 2014** – [NEC Display Solutions of America](#), a leading [provider](#) of commercial LCD display and projector solutions, announced today the MultiSync® [EA304WMi](#), a 30-inch monitor addition to its premium business desktop portfolio. Power users will benefit from this performance-driven, WQXGA resolution LED-backlit model with built-in speakers.

The widescreen model features IPS panel technology with wide viewing angles (178° horizontal/vertical), touch-sensitive menu controls and ergonomic adjustability. The LED backlighting of the 16:10 aspect ratio EA304WMi allows for a slimmer profile, lighter weight and increased power savings compared to previous generation models. For workstations with multiple displays, ControlSync™ technology lets users control the settings for up to six MultiSync EA Series displays. Users are able to adjust power, brightness, volume and many other settings of the multi-monitor setup in unison through the master monitor.

“The EA304WMi monitor is the new flagship for the award-winning MultiSync EA family of displays,” said Art Marshall, Product Manager for Professional and Medical Displays at NEC Display Solutions. “In addition to its impressive imaging, this 30-inch monitor includes several NEC-exclusive features for users be more productive.”

Among them, the EA304WMi offers smart sensing technology, which automatically detects work conditions to determine the proper display brightness with ambient light and human presence sensors. In addition, a comprehensive input panel, including HDMI, DisplayPort, DVI-D, VGA and 3-port USB hub, connects users to the latest peripherals and solidifies their investments for the future.

The MultiSync EA304WMi includes the following features:

- 30-inch, 16:10 IPS panel with LED backlighting
- 350cd/m<sup>2</sup> brightness, and 10-bit color over HDMI 1.4 and DisplayPort 1.2
- Wide viewing angles of 178°H/178°V
- 2560 x 1600 WQXGA resolution
- 20,000:1 dynamic contrast ratio (1000:1 typical)
- Ergonomic adjustable stand with 130mm height-adjust, tilt, swivel and pivot
- DisplayPort, HDMI / MHL, DVI-D and VGA inputs
- Integrated 3-port USB hub (1 up/3 down, two USB 3.0 and one USB 2.0)
- Integrated speakers (1W x 2) and headphone jack
- ControlSync for synchronizing settings in multi-screen setups
- Smart sensing technology (ambient light and human sensors)
- ECO Mode™, carbon footprint meter and cost meter
- ENERGY STAR® 6.0, TCO 6.0 compliant and TCO Edge 2.0 certified display

The MultiSync EA304WMi ships with a 3-year limited parts and labor warranty, and will be available in June 2014 at an estimated street price of \$1,599. The monitor also comes with set-up manual, and DVI-D, DisplayPort, power, audio, USB 3.0 and ControlSync cables.
