**NEC DISPLAY ADDS 3,000-LUMEN PORTABLE HD DIGITAL PROJECTOR  
TO V SERIES LINEUP**

***Keystone Correction, Broad Connectivity Options Complement New  
Chassis in V302H Projector***

**CHICAGO – May 13, 2015** – [NEC Display Solutions of America](#), a leading provider of commercial LCD display and projector solutions, today announced the V302H projector, its first 1080p projector under \$1,000.

The 3,000-lumen projector in a new V Series chassis delivers horizontal and vertical keystone correction, which produces square images and aids in installation flexibility. From a connectivity perspective, the V302H projector comes with Dual HDMI inputs for connection to HD data and video sources. HDMI1 with MHL makes connection to smart phones and tablets simple without the need for expensive interfaces.

The projector's ECO Mode™ technology also increases lamp life up to 6,000 hours, while lowering audible noise, power consumption and maintenance costs. Its filter free design lowers maintenance intervals.

“The new V302H 1080p model brings an affordable projector to more organizations desiring full high-resolution for their applications,” said Bob Guentner, Senior Product Manager of Projectors at NEC Display. “Price-conscious K-12 school and corporate customers will enjoy bright, accurate data and video content in their meeting rooms and classrooms.”

In terms of management and control features, the projector offers “intuitive” remote control, which provides one-touch source changes and complete menu control. In addition, the projector gives users easy-to-use network management and control features from any PC or Mac device.

Among the other benefits of the V302H projector:

- Native 1080p (1920 x 1080) resolution, which automatically syncs with non-native computer signals
- Quick Start
- 8,000:1 contrast ratio
- 3D support at 144KHz
- BrilliantColor™ advanced video processing
- Crestron Roomview compatible
- 8W speaker

The [V302H](#) projector is available now at an estimated street price of \$999. It ships with a 2-year limited parts and labor warranty.
